Stoick X Valka Together after years

SOMEWHERE NORTHâ€|

New territories, new adventures, but, a new place was waiting for Hiccup and Toothless as they headed north. One day, they were exploring a wood when they found a huge ice fortress. They heard a strong roar come from inside the ice, they flown into the clouds to be safe, but a huge orange dragon appeared. Someone was riding it! It was a mysterious masked figure with a staff. Hiccup was worried when he saw the figure pointing at him with the staff, so he decided to go back to the village to tell Stoick what he had seen.

He tried to go back to Berk, but they couldn't go there, they were being followed by the rider. They had to hide from this mysterious person. After hiding in a cave, they flew againâ€| But suddenly, Hiccup's map fell. They needed the map to go back to the village. Unfortunately, the map fell into some rocks; they needed to find the map before it was too late.

The rider could find them, the book fell between some stones, so, it was hard for them to find it, but Toothless, smelt his saliva, used to paste the map. Toothless roared, "What happens buddy?" Hiccup said, "Oh! You found the map!" Hiccup picked the map "OK, let's go".

HOURS LATER, IN BERKâ€|

"Hiccup, you are back" Stoick said as he hugged his son. "That's for flying away without saying goodbye" Astrid said as she punched Hiccup's shoulder, "And this" she kisses Hiccup in the lips "Is for coming back as cute as always". Hiccup went to the square in the

middle of the village and started his little speech, "So, I was heading north when I found a mysterious ice fortress, I tried to get closer, but a masked rider who was riding a new type of dragon chased me. I lost this rider. I suggest we go to investigate". "Son" Stoick said "You're not going anywhere without Gobber and me". "I'm going too" Astrid said. "Hey! Don't forget about us" the rest of the gang shouted.

HOURS LATER, IN THE ICE FORTRESSâ€|

"Well, here we are" Hiccup said "The ice fortress, be careful, the rider could be anywhere". "I suggest blowing up the fortress with some fire!" Tuffnut said as he laughed. "Tuff, this is serious" Gobber said. "I suggest we enter slowly" Astrid said "So, the rider won't notice us", "That's an excellent idea" Hiccup said "But I suggest that you guys stay here to guard the entrance, I'll go in with my dad and Gobber".

"I think we should turn back" Gobber said. "For the third time, Gobber, be quiet!" Stoick said. Suddenly, a figure appeared in front of them saying ""Well, well, well, here we have you all three". "Should I know you?" Hiccup said. "No, you were only a baby, but a mother never forgets" The figure said as it dragged the mask of its head. Unbelievable! The masked figure was Valka, Stoick's wife and Hiccup's mother! "Did you like the surprise? " She said. Stoick approached to her saying "You're as beautiful as the day I lost you". He cupped her face with his hand, as he saw a tear come from her eye.

After years of being separated, the family was together again!
